Washington, D.C. 20231

August 18, 1994

Sir:

The following preliminary amendments and remarks are respectfully submitted in connection with the above-identified application.

**IN THE ABSTRACT:**

Please replace the original abstract with the following new abstract:

**ABSTRACT OF THE DISCLOSURE**

A matrix panel display apparatus has plural signal lines and plural scanning lines intersecting each other; and, near each intersection point, a picture element, including a picture element electrode, a counter electrode, a display medium between the two electrodes and a transistor for applying image signals from the signal line to the picture
